RE: Lincoln Land Wind LLC Site Permit Application of 2/18/20

Dear Sirs and Madam:

As you are aware, it is my responsibility to conduct a preliminary investigation and review applications for completeness pursuant to the terms of the Morgan County WECS Ordinance. Further, I am to issue a written report to the County Board. Please allow this correspondence to serve as that report as I have completed this preliminary investigation and deem the submittal complete.

Upon this investigation and subsequent report, I am to schedule a Plans Commission / Board of Appeals meeting. With the ongoing pandemic, I will consult further with you and the applicant and boards to determine a reasonable date that works best for the public and everyone involved.

I have two consultants that I need to discuss with you that I would like to get under contract for our continued review in preparation for the forthcoming meeting. I will follow your lead as to when to bring them to the Board's attention.

If you should have any questions, please contact me.

Sincerely,

Dusty Douglas  
Director
