#### INDEPENDENT AUDITORS' REPORT

Members of the County Board Morgan County, Illinois

## **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Morgan County, Illinois, as of and for the year ended August 31, 2015, and the related notes to the financial statements, which collectively comprise Morgan County, Illinois' basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Morgan County, Illinois, as of August 31, 2015, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 35-42, retirement fund historical data on pages 43-48, and the related notes on pages 49-52 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Morgan County, Illinois' basic financial statements. The combining nonmajor fund financial statements, combining agency fund financial statements, schedule of equalized assessed valuations and tax extensions, and schedule of equalized assessed valuations, tax levies, rates, extensions and collections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor fund and agency fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund and agency fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

The Schedule of Equalized Assessed Valuations and Tax Extensions and the Schedule of Equalized Assessed Valuations, Tax Levies, Rates, Extensions and Collections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 29, 2016, on our consideration of the Morgan County, Illinois' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Morgan County, Illinois' internal control over financial reporting and compliance.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Morgan County, Illinois (County) are based upon accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the significant policies.

The financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units (hereinafter referred to as GAAP).

The Governmental Accounting Standards Board (GASB) is the accepted standardsetting body for establishing governmental accounting and financial reporting principles.

The more significant of the County's accounting policies are described below.

#### A. Financial Reporting Entity

Morgan County is a municipal corporation governed by an elected 3 member board. These financial statements present Morgan County, the primary government unit.

County officials are responsible for appointing the members of the board of other organizations, but the County's accountability for these organizations do not extend beyond making the appointments. The County Board appoints the board members of the following organizations:

Drainage Districts
Fire Protection Districts
Cemeteries
Housing Authority
Airport Authorities
Water Districts
Mass Transit Districts

The County's financial statements include the accounts of all County operations. The criteria for including organizations within the County's reporting entity, as set forth in GASB No. 61, "The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34", is financial accountability. A component unit is included in the County's reporting entity if it is both fiscally dependent on the County (the primary government) and there is a potential for the component unit to provide specific financial benefits to, or impose specific financial burdens on the primary government.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### A. Financial Reporting Entity (Continued)

The primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Based upon the application of the criteria for inclusion as set forth in GASB No. 61, "The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34", there are no component units.

#### B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the County. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include 1) charges for services which report fees, fines and forfeitures, and other charges to users of the County's services; 2) operating grants and contributions which finance annual operating activities including restricted investment income; and 3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets and include fees to developers. These revenues are subject to externally imposed restrictions to these program uses. Taxes and other revenue sources not properly included with program revenues are reported as general revenues.

Financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

#### C. Basis of Presentation – Fund Accounting

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues and expenditures/expenses. The various funds are summarized by type in the combined financial statements.

Funds are classified into the following categories: governmental, proprietary, and fiduciary.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation – Fund Accounting (Continued)

#### **GOVERNMENTAL FUNDS**

General Fund – The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts) requiring separate accounting because of legal, regulatory provisions or administrative action.

Capital Projects Fund – The Capital Projects Fund is used to account for financial resources committed for acquiring or constructing general capital assets.

#### FIDUCIARY FUNDS

Agency Funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Property taxes, licenses, charges for services and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Property taxes are considered available if they are collected within 60 days of the end of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the County.

The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Cooperative Extension Fund accounts for the receipt and expenditure of property taxes levied for the University of Illinois Extension Office.

The *Motor Fuel Tax Fund* accounts for the collection of motor fuel taxes from the State of Illinois and the expenditure of those funds for the maintenance and construction of County roads.

#### E. Cash and Cash Equivalents

Cash and Cash Equivalents represent cash on hand, cash deposited in checking accounts, certificates of deposits, repurchase agreements and U.S. treasury bills and notes which are stated at cost (which approximates fair value).

#### F. Recently Adopted Accounting Pronouncements

During the year ending August 31, 2015, the County adopted GASB Statement 68, *Employers' Accounting for Pensions Costs* and GASB Statement 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date-An Amendment of GASB Statement No. 68.* The primary objective of this statement is to improve accounting and financial reporting for pension obligations by state and local governments. The effect of the implementation of these GASB statements is the recognition of pension-related obligations and deferrals on the County's Statement of Net Position, as well as the recognition of pension-related expenses based on changes in the net pension obligation and related deferrals on the Statement of Activities. Pension disclosures and supplementary information were also significantly expanded. GASB statements 68 and 71 have no effect on the governmental funds Balance Sheet or the Statement of Revenues, Expenditures, and Fund Balance.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### G. Receivables

GASB Statements No. 33 – Accounting and Financial Reporting for Nonexchange Transactions requires the recognition of receivables associated with nonexchange transactions as follows:

- Derived tax receivables (such as: sales, income and motor fuel taxes) are recognized when the underlying exchange has occurred.
- Imposed nonexchange receivables (such as: property taxes and fines) are recognized when an enforceable legal claim has arisen.

Government – mandates or voluntary non-exchange transaction receivables (such as: mandates or grants) are recognized when all eligibility requirements have been met.

#### H. Capital Assets

Capital assets, which include property, plant and equipment and infrastructure assets (e.g. roads, bridges, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of the donation.

Governmental activities capital assets having a useful life greater than one year are capitalized using the following dollar thresholds: \$50,000 for land, \$100,000 for buildings and improvements, \$25,000 for equipment, \$15,000 for vehicles, and \$200,000 for roads and bridges.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

The County uses the direct method for accounting for planned major maintenance. Amounts are expensed or capitalized as incurred.

Capital assets are depreciated using the straight line method over the following estimated useful lives:

| Description               | Years   |
|---------------------------|---------|
| Building and Improvements | 30 - 40 |
| Equipment                 | 4 - 10  |
| Vehicles                  | 4 - 10  |
| Road and Bridges          | 20      |

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### I. Compensated Absences

Accrued sick leave has not been recorded; the County is not liable in the amount to the employees upon retirement or discontinued service, so the amount is undetermined.

Accrued vacation leave which the employees have elected to accumulate in their bank amounted to \$186,045 for the Governmental Funds and has been recorded in the Statement of Net Assets as noncurrent liabilities due in more than one year.

Employees are allowed to accumulate up to 320 hours of vacation time.

# J. Fund Equity

Beginning with fiscal year 2011, the County implemented GASB Statement 54 "Fund Balance Reporting and Governmental Fund Type Definitions." This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable fund balance: amounts that are not in spendable form (such as inventory) or are required to be maintained intact

<u>Restricted fund balance</u>: amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions or by enabling legislation

<u>Committed fund balance</u>: amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint

<u>Assigned fund balance</u>: amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates authority

<u>Unassigned fund balance</u>: amounts that are available for any purpose; positive amounts are reported only in the General fund

The County Board establishes (and modifies and rescinds) fund balance commitments by passage of an ordinance or resolution. Assigned fund balance is established through lower level action of the County Board.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## J. Fund Equity (Continued)

The County expends restricted resources first when both restricted and unrestricted resources are available for the same purpose. When unrestricted resources are expended, the County uses any committed resources first, followed by assigned resources and unassigned resources.

#### K. Property Tax Revenue

Property tax revenue line items include adjustments of prior year's tax revenue from tax sales, the adjustment for the allowance for uncollectible taxes and tax increment financing (TIF) distributions. These line items are not reported separately because the amounts are immaterial.

#### Interfund Transactions

Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as operating transfers. Nonrecurring or non-routine permanent transfers of equity are reported as residual equity transfer.

#### M. Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### NOTE 2. LEGAL COMPLIANCE AND ACCOUNTABILITY

#### Budgets

The County follows the procedures indicated below in establishing the budgetary data reflected in the combined financial statements:

#### NOTE 2. LEGAL COMPLIANCE AND ACCOUNTABILITY (Continued)

- (a) At a regular or specially called meeting of the County Board in early August, the County Board submits a proposed budget for the fiscal year commencing on the following September.
  - 1. The budget includes proposed expenditures and the means of financing them.
- (b) The budget is available for public inspection for at least 15 days prior to passage by the County Board.
- (c) Prior to September, the budget is legally enacted through passage of an appropriation ordinance. The original budget was approved on August 11, 2014.
- (d) The level of budgetary control, on which expenditures may not legally exceed appropriations, is at the fund level in accordance with Illinois Compiled Statutes. Any transfers between funds require County board approval. The budget was last amended October 13, 2015. Adjustments made during the year are reflected in the required supplementary information.
- (e) Formal budgetary integration is employed as a management control device during the year for the general and special revenue funds through an internal reporting basis. Unexpended appropriations and encumbrances lapse at August 31.
- (f) Budgets for the general and special revenue funds are legally adopted and are on a basis consistent with GAAP.

#### NOTE 3. CASH AND CASH EQUIVALENTS

The County is allowed to invest in securities as authorized by Sections 2 and 6 of the Public Funds Investment Act of Illinois.

Custodial credit risk for deposits is the risk that in the event of a bank failure, the County's deposits may not be returned or the County will not be able to recover collateral securities in the possession of an outside party. The County's policy requires deposits to be secured by collateral valued at market or par, whichever is lower, less the amount of the Federal Deposit Insurance Corporation insurance (FDIC). Deposited funds may be invested in certificates of deposit. Collateral agreements must be approved prior to deposit of funds. The County Board designates a list of authorized depository institutions.

Deposits of the County's reporting entity are insured or collateralized with securities held by the County, its agent, or by the pledging financial institution's trust department or agent in the name of the County.

#### NOTE 3. CASH AND CASH EQUIVALENTS (Continued)

On August 31, 2015, \$3,255,862 of the County's deposits was covered by Federal Deposit Insurance, \$18,849,713 was covered by collateral held by the pledging institution in the name of the County, and \$265,344 was not covered by Federal Deposit Insurance or collateralized and is subject to the credit risk of the banks.

#### NOTE 4. PROPERTY TAXES

Property taxes are collected by the County on behalf of all taxing bodies. Distributions are made to all taxing bodies, including the County, at least once every 30 days. Distributions are made more often during the two main collection periods.

The 2014 property tax levy is recorded as revenues in fiscal year 2015, net of estimated loss on collections. The County's policy complies with the GASB policy, which requires property tax revenue to actually be collected within 60 days of the entity's year-end in order to be recorded as revenues within that year.

The property tax calendar for Morgan County, Illinois is as follows:

| Lien Date  | January 1, 2015   |
|--|-------------------|
| Levy Date  | December 22, 2014 |
| First Installment (one-half of the total bill) Due | July 2, 2015      |
| Second Installment (balance of the total bill) Due | September 4, 2015 |
| Tax Sale of Delinquent Accounts Held On            | November 4, 2015  |

#### NOTE 5. ACCOUNTS RECEIVABLE

Receivables in the general fund are intergovernmental and other receivables. Receivables in the IHWAP Fund are intergovernmental and other receivables. The other governmental funds receivables are intergovernmental receivables and other receivables.

#### NOTE 6. CONTINGENCIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of the expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

#### NOTE 7. DEFERRED COMPENSATION PLAN

The County funds all amounts of compensation deferred under the plan, at the direction of the covered employee, through investments in fixed and variable rate annuity contracts underwritten by National Association of Counties Deferred Compensation Program.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (until paid or made available to the employee or other beneficiary) solely the property and rights of the County subject only to the claims of the County's general creditors. Participants' rights under the plan are equal to those of general creditors of the County in an amount equal to the fair market value of the deferred account for each participant.

The County has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. The County believes that it is unlikely that it will use the assets to satisfy the claims of general creditors in the future.

The investment activity for the year ended August 31, 2015 is as follows:

| Beginning Investment Balance               | \$<br>816,441 |
|--|---------------|
| Contributions                              | 36,117        |
| Investment Income/(Loss)                   | 4,060         |
| Withdrawals                                | (10,022)      |
| Asset Fees                                 | (1,139)       |
| Ending Investment Balance                  | \$<br>845,457 |
| Life Insurance Policy Holder Account Value | \$<br>1,660   |

#### NOTE 8. DEFINED BENEFIT PENSION PLAN

#### **IMRF Plan Description**

The County's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The County's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

#### NOTE 8. DEFINED BENEFIT PENSION PLAN (Continued)

#### **Benefits Provided**

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

#### Employees Covered by Benefit Terms – RP

As of December 31, 2014, the County's membership consisted of 122 retirees and beneficiaries currently receiving benefits, 80 inactive plan members entitled to but not yet receiving benefits, and 95 active plan members for a total of 297 plan members.

#### NOTE 8. DEFINED BENEFIT PENSION PLAN (Continued)

#### **Employees Covered by Benefit Terms – SLEP**

As of December 31, 2014, the County's membership consisted of 26 retirees and beneficiaries currently receiving benefits, 16 inactive plan members entitled to but not yet receiving benefits, and 35 active plan members for a total of 77 plan members.

### **Employees Covered by Benefit Terms – ECO**

As of December 31, 2014, the County's membership consisted of 11 retirees and beneficiaries currently receiving benefits, 2 inactive plan members entitled to but not yet receiving benefits, and 5 active plan members for a total of 18 plan members.

#### Contributions - RP

As set by statute, the County's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The County's annual contribution rate for calendar year 2014 was 14.73%. For the fiscal year ended August 31, 2015, the County contributed \$568,585 to the plan. The County also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

#### **Contributions – SLEP**

As set by statute, the County's SLEP Plan Members are required to contribute 7.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The County's annual contribution rate for calendar year 2014 was 21.09%. For the fiscal year ended August 31, 2015, the County contributed \$309,168 to the plan. The County also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

#### NOTE 8. DEFINED BENEFIT PENSION PLAN (Continued)

#### **Contributions – ECO**

As set by statute, the County's ECO Plan Members are required to contribute 7.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The County's annual contribution rate for calendar year 2014 was 34.61%. For the fiscal year ended August 31, 2015, the County contributed \$100,433 to the plan. The County also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

#### **Net Pension Liability**

For all three of the County's plans, net pension liability was measured as of December 31, 2014. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

#### **Actuarial Assumptions**

The following are the methods and assumptions used to determine total pension liability at December 31, 2014:

- The **Actuarial Cost Method** used was Entry Age Normal.
- The **Asset Valuation Method** used was Market Value of Assets.
- The **Inflation Rate** was assumed to be 3.5%.
- **Salary Increases** were expected to be 3.75% to 14.50%, including inflation.
- The **Investment Rate of Return** was assumed to be as follows: 7.47% for RP, 7.50% for SLEP, and 7.49% for ECO.
- Projected Retirement Age was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2014 valuation according to an experience study from years 2011 to 2013.
- The IMRF-specific rates for Mortality (for non-disabled retirees) were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience.
- For **Disabled Retirees**, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives.
- For Active Members, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF-specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

#### NOTE 8. DEFINED BENEFIT PENSION PLAN (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

| Asset Class             | Portfolio  | Long-Term      |
|-------------------------|------------|----------------|
|                         | Target     | Expected Real  |
|                         | Percentage | Rate of Return |
| Domestic Equity         | 38%        | 7.60%          |
| International Equity    | 17%        | 7.80%          |
| Fixed Income            | 27%        | 3.00%          |
| Real Estate             | 8%         | 6.15%          |
| Alternative Investments | 9%         | 5.25-8.50%     |
| Cash Equivalents        | 1%         | 2.25%          |
| Total                   | 100%       | •              |

#### **Single Discount Rate**

A Single Discount Rate of 7.50% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.50%, the municipal bond rate is 3.56%, and the resulting single discount rate is 7.47% for RP, 7.50% for SLEP, and 7.49% for ECO.

| Total  | 162,030                              | 9,668                               |

# NOTE 8. DEFINED BENEFIT PENSION PLAN (Continued)

Amounts reported as deferred outflows of resources related to employer contributions made subsequent to the measurement date will be recognized as a reduction in the net pension liability during the year ending August 31, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

#### RP:

| Year ended<br>August 31: |             |
|--------------------------|-------------|
| 2016                     | \$ 423,170  |
| 2017                     | 423,170     |
| 2018                     | 94,612      |
| 2019                     | 66,471      |
| Total                    | \$1,007,423 |

#### SLEP:

| Year ended<br>August 31: |           |

| 2018                     | 59,650    |
| 2019                     | 59,650    |
| Thereafter               | 27,257    |
| Total                    | \$265,857 |

#### ECO:

| Year ended<br>August 31: |          |
|--------------------------|----------|
| 2016                     | \$51,591 |
| 2017                     | 12,124   |
| 2018                     | 12,124   |
| 2019                     | 12,125   |
| Total                    | \$87,964 |

# NOTE 9. JOINTLY GOVERNED ORGANIZATIONS

The County is a member of four jointly governed organizations: Illinois County Solid Waste Management Association, Mid-America Intermodal Authority Port District, Workforce Development Council and Illinois Public Health Mutual Aid System.

#### NOTE 10. CONSTRUCTION IN PROGRESS

As of August 31, 2015, construction projects in progress consist of highway construction projects and courthouse renovations. These projects are expected to be completed at various different times and for varying amounts.

#### NOTE 11. LONG-TERM DEBT

Employees can accumulate up to 320 hours of vacation time. The liability is calculated on the employee's current hourly rate times the accumulated hours. The net change in total liability for the year ended August 31, 2015 is as follows:

| Balance         | Net Increase/       | Balance         |  |  |  |  |
|-----------------|---------------------|-----------------|--|--|--|--|
| August 31, 2014 | ( <u>Decrease</u> ) | August 31, 2015 |  |  |  |  |
| \$ 177,323      | \$8,722             | \$ 186,045      |  |  |  |  |

#### NOTE 12. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County is a member of Illinois Counties Risk Management Trust (ICRMT), a public entity risk pool operating as a common risk management and insurance program for Illinois Municipalities. The program provides for the creation of a self-insurance pool and the purchase of excess insurance with loss coverage. The County continues to carry commercial insurance for all other risks of loss. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

#### NOTE 13. RESTRICTED FUND BALANCE/NET ASSETS

Amounts included as restricted fund balance include property tax levies, grant funds, fines and fees, and other amounts externally restricted for specific purposes. Committed fund balance consists of amounts committed for capital projects and for animal control under local intergovernmental agreements

#### NOTE 14. CAPITAL ASSETS

Capital asset activity for the year ended August 31, 2015 was as follows:

|   |     | Beginning<br>Balance<br>8/31/14 |    | Increases |    | Transfer of<br>Construction<br>In Progress | Decreases |      | Ending<br>Balance<br>08/31/15 |

|         | Total Nonmajor Governmental | 233,223                 | 202,340               |
|         | Total Interfund - All Funds | \$<br>279,235           | \$<br>279,235         |

In general, interfund balances exist due to the allocation of salaries and fringe benefits to various funds, as well as for various short-term cash flow needs.

#### MORGAN COUNTY, ILLINOIS NOTES TO THE FINANCIAL STATEMENTS August 31, 2015

#### **NOTE 16. OPERATING TRANSFERS**

Operating transfers among funds reported within the same activities column are eliminated from that column in the government-wide statement of activities. The following operating transfers were made:

|                                       | Operating<br>Transfer In | Operating<br><u>Transfer Out</u> |
|---------------------------------------|--------------------------|----------------------------------|
| General Fund<br>Nonmajor Governmental | \$                       | \$180,000                        |
| Total General Fund                    |                          | 180,000                          |
| Nonmajor Governmental<br>General      | 180,000                  |                                  |
| Total Nonmajor Governmental           | 180,000                  |                                  |
| Total Interfunds - All Funds          | \$180,000                | \$ 180,000                       |

Tuburculosis fund received a \$70,000 transfer from General fund to support the ordinary operations of the fund.

Law Library fund received \$10,000 transfer from General fund to support the ordinary operations of the fund.

Capital Improvements fund received a \$100,000 transfer from General fund for the purpose of committing additional funds to ongoing capital projects.

### MORGAN COUNTY, ILLINOIS NOTES TO THE FINANCIAL STATEMENTS August 31, 2015

#### NOTE 18. DEFICIT FUND BALANCE

At August 31, 2015, the Regional Planning Commission Fund has a deficit fund balance of \$(41,597).

#### NOTE 19. SUBSEQUENT EVENTS

Events that occur after the statement of net assets date but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the statement of net assets date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the statement of net assets date require disclosure in the accompanying notes. Management evaluated the activity of the County through January 29, 2016, the date which the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

#### NOTE 20. RESTATEMENT OF BEGINNING NET POSTION

Net position of the governmental activities has been restated as of August 31, 2014 as required for the adoption of GASB Statements 68 and 71 relating to defined benefit pensions, as discussed in note 1F. The restatement of net position was calculated as follows:

| Net Position 8/31/14 As Originally Reported   | \$<br>25,629,314 |
|---|------------------|
| Inclusion Of Net Pension Liability As Of 8/31/14  | (3,226,336)      |
| Inclusion Of Deferred Outflows As Of 8/31/14 As A Result Of Contributions Made Subsequent to Measurement Date | 717,126          |
| Net Position 8/31/14 As Restated  | \$<br>23,120,104 |

In accordance with GASB Statement 71, beginning net position was not restated for any other pension related deferred outflows or deferred inflows because these amounts were not readily determinable as of the 8/31/14 restatement date. As a result, adjustments for deferred outflows and deferred inflows not related to contributions subsequent to the measurement date have been adjusted through the current year Statement of Activities.

#### Notes to Schedule:

This schedule is presented to illustrate the requirements to show information for 10 years. However, until a full 10-year trend is compiled, information is presented for those year for which information is available.

Illinois Municipal Retirement Fund Sheriff's Law Enforcement Personnel (SLEP) (Unaudited)

NOTE 1. SUMMARY OF ACTUARIAL METHODS AND ASSUMPTIONS USED IN THE CALCULATION OF THE 2014 CONTRIBUTION RATE\*

Valuation Date: Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

### Methods and Assumptions Used to Determine 2014 Contribution Rates:

Actuarial Cost Method: Aggregate entry age = normal Level percentage of payroll, closed

Remaining Amortization Period: 29-year closed period

Asset Valuation Method: 5-year smoothed market, 20% corridor

Wage Growth: 4.00%

Price Inflation: 3.00%, approximate; No explicit price inflation

assumption is used in this valuation

Salary Increases: 4.40% to 16.00%, including inflation

Investment Rate of Return: 7.50%

Retirement Age: Experience-based table of rates that are

specific to the type of eligibility condition; last updated for the 2011 valuation pursuant to an experience study of the period 2008 to 2010.

Mortality: RP-2000 Combined Healthy Mortality Table,

adjusted for mortality improvements to 2020 using projection scale AA. For men, 120% of the table rates were used. For women, 92% of the table rates were used. For disabled lives, the mortality rates are the rates

applicable to non-disabled lives set forward

10 years.

Other Information:

Notes: There were no benefit changes during the year

This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, information is presented for those years for which information is available.

<sup>\*</sup> Based on Valuation Assumptions used in the December 31, 2012 actuarial valuation; note two year lag between valuation and rate setting.

Illinois Municipal Retirement Fund Elected County Official (ECO) (Unaudited)

NOTE 1. SUMMARY OF ACTUARIAL METHODS AND ASSUMPTIONS USED IN THE CALCULATION OF THE 2014 CONTRIBUTION RATE\* (CONTINUED)

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Members of the County Board Morgan County, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Morgan County, Illinois, as of and for the year ended August 31, 2015, and the related notes to the financial statements, which collectively comprise Morgan County, Illinois' basic financial statements, and have issued our report thereon dated January 29, 2016.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Morgan County, Illinois' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Morgan County, Illinois' internal control. Accordingly, we do not express an opinion on the effectiveness of the Morgan County, Illinois' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Morgan County, Illinois' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Members of the County Board Morgan County, Illinois

#### Report on Compliance for Each Major Federal Program

We have audited Morgan County, Illinois' compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Morgan County, Illinois' major federal programs for the year ended August 31, 2015. Morgan County, Illinois' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Morgan County, Illinois' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Morgan County, Illinois' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Morgan County, Illinois' compliance.

#### Opinion on Each Major Federal Program

In our opinion, Morgan County, Illinois, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2015.

#### **Report on Internal Control over Compliance**

Management of Morgan County, Illinois, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Morgan County, Illinois' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Morgan County, Illinois' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

# Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A133

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Morgan County, Illinois, as of and for the year ended August 31, 2015, and the related notes to the financial statements, which collectively comprise Morgan County, Illinois' basic financial statements. We issued our report thereon dated January 29, 2016, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Zumbahlen, Eyth, Surratt, Foote & Flynn, Ltd.

Jacksonville, IL January 29, 2016

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended August 31, 2015
